

# Carnot Efficient Resources Fund (EUR)

Factsheet June 2024

## Fund Description

Carnot Efficient Resources is a global impact equity fund. The core elements of the fund are the theme of resource efficiency and the quality investment style. The fund invests in listed equities of established companies with products and technologies that conserve natural resources, i.e. use the basic elements "fire, water, earth, air" more efficiently. Stock selection is based on quality and valuation criteria, in particular debt ratio, return on capital employed and ratio of enterprise value to operating cash flow. All portfolio positions fulfil sustainability criteria.

Carnot Capital AG was founded in July 2007. Carnot is a pioneer in impact investing and is supervised by FINMA. The partners have broad experience in portfolio management and financial analysis.
